“A Geneology is a history of an ancestor and his descendants.”

“The geneology works down — — to the present time enumerating by generations the descendants of the selected ancestor and following only the blood lines of the one chosen forefather.”

— Stetson. The Art of Ancestor Hunting.

FOREWORD

1476262

A Family Book is generally considered as something of a treasure. It is studied at leisure hours and carefully laid away in a secluded place, and referred to as the need arises.

If a family record is made in the shape of a family tree there is room only for the name, birthday and date of death of each member. In the form chosen for this work there is space and room for a little more information about each individual than mere dates. For that reason we made this genealogy in the form of a book. We hope it will be of interest to all of you who read it.

The previous research work done by uncle P. G. Pan-kratz has enabled us to know where to begin and find out how to proceed with it.

The printing of this book was done by Amanda Pan-kratz Schrag, Herbert J. and Martha Voth.

We hope that this book will fulfill its purpose and prove of value to each one of you.

For the co-operation we have received in this work we thank you heartily.

Jacob Pankratz Ancestry

Jacob Pankratz emigrated to Russia from Prussia as a young man in the year 1818.

He was born March 27, 1796 in Prussia, Germany. He died February 3, 1869 in Russia, reaching the age of 72 years, 9 months and 19 days.

He was married to Sarah Buller (of whom we, unfortunately have no record).

To this union 7 children were born: 1. Jacob, 2. Anna, 3. Peter, 4. Maria, 5. Sarah, 6. Helena, and 7. Eva. The history of these and their descendants is found in the following pages; and they will retain these numbers throughout Table II.

This genealogical table begins with the chosen ancestor Jacob Pankratz, numbered I (in Roman letters) throughout the second Table.

However, a few interesting facts concerning earlier ancestors, as known, are stated.

In the Prussian Church Book, brought overseas, the following information is found:

Jacob Pankratz No. II born in 1763 (presumably the father of Jacob Pankratz No. 1).

Andreas Pankratz No. III born February 14, 1731 father of Jacob Pankratz No. II).

Jacob Pankratz No. IV born July 11, 1696 (father of Andreas Pankratz No. III).

Andreas Pankratz No. V, date of birth not stated (father of Jacob Pankratz No. IV).

Andreas Pankratz No. VI, date of birth not stated, must have been in 1630 (father of Andreas Pankratz No. V).

This last named Andreas Pankratz was born in Prussia, Germany in the Swedish region, not far from Kellen, in the village Pschokofka. He is the earliest ancestor of whom a record is found.

* * * *

In order to trace back any descendant in this genealogy to the selected ancestor Jacob Pankratz No. I, a system of numbering has been adopted, e.g. I:2 means second child of the first ancestor; that is Anna Pankratz, later Mrs. Heinrich Buller, still later Mrs. Jacob Krause. I:3:7 means seventh child of the third child of the first ancestor, that is Jacob G. Pankratz. I:6:4:4 means the fourth child of the fourth child of the sixth child of the first ancestor, that is Justina Hiebert, later Mrs. Adolf Riesen. I:2:5:10:3 means the third child of the tenth child of the fifth child of the second child of the first ancestor, namely Morris D. Woelk. I:2:7:2:1:5 means the fifth child of the first child of the second child of the seventh child of the second child of the first ancestor, that is Marjorie Schroeder, Richland, Mont.

The names of adopted or foster children are mentioned, and indication is made that they are adopted or taken into a home, but their lineage does not continue into the next generation.

The asterisk (*) indicates deceased.
